## IDEAL REFINERY GETS BIG MONEY

SAN FRANCISCO, July 24.—That the owners of the California Hawaiian sugar refinery made a handsome annual profit on their investment by not operating their plant between 1903 and 1905 was testified to by Secretary Hannam of the Western Sugar Refining Company today, before the federal special examiner, W. B. Brice, conducting an investigation into Sugar Trust affairs for the government. Mr. Hannam stated that for three years, 1903, 1904 and 1905, he had paid two hundred thousand dollars a year to the California-Hawaiian, the consideration being that that corporation should allow its plant to lie idle.

These amounts were charged up on the books of the Western Refining Company as "salary" and were secretly transferred to the beneficiaries. As a consequence of the shut-down of the competing refinery, the Western was enabled to market its sugar at an advance of fifty points, that price coming immediately after the California-Hawaiian went out of business.

FLOOD DESTROYS THE HOMES OF HUNDREDS

UNIONTOWN, Pennsylvania, July 24.—The flood situation throughout this district is very bad. The rivers throughout the surrounding country have all overflowed and hundreds of families are homeless. The galleries of the Superba coal mine were filled today and forty miners are believed to have been drowned like rats in a trap, without a fighting chance for their lives. Other flood fatalities reported up to tonight number thirteen.

EARTHQUAKE RUINS CITY.

PIURA, Peru, July 24.—A severe earthquake visited this region today and the entire city is in ruins. The loss of life is heavy.

Piura is the capital city of the Province of Piura, the most northerly section of Peru. The city has a population of about ten thousand people.

MEXICAN REBELS TO GIVE UP JUAREZ

JUAREZ, Mexico, July 24.—The rebels, who have retained possession of this city, plan to evacuate the garrison to join the other guerilla bands in the field. With the evacuation of this place, the rebels will have left no town of any importance.

MIKADO SINKING VERY RAPIDLY.

TOKIO, July 24.—After rallying temporarily, the Emperor had a serious relapse and hope of his recovery has been practically given up. The action of his heart was weakening rapidly at a late hour tonight, and stimulants failed to get any satisfactory responses.

DEMOCRATS OPPOSE BATTLESHIP PROGRAM

WASHINGTON, July 24.—A majority of Democrats, in caucus tonight, resolved to oppose the battleship program of the Senate, basing their opposition to an increased navy upon the ground of necessary economy.

SCHMITZ AND DREW WRITING AN OPERA

SAN FRANCISCO, July 24.—Ex-Mayor Schmitz and Attorney Frank Drew are collaborating in the writing of an opera, which deals with pioneer life in California.

EDUCATION AND WAGES

There are many higher standards of university success than the income earned by graduates immediately after leaving classic halls or ten and twenty years after, says an exchange editorially. Albeit, in this present statistical and inquisitorial age, it is quite the proper thing to make inquiry as to how much alumni on the average have to spend, the hope being that from the answers it may be deduced that of men who have been cut in the world a liberal education is profitable unto those who pursued it in their youth.

When Yale's class of 1906 a year ago made investigation of the incomes earned by its members during the first five years out of college it was found that the average progression was from \$740 the first year to \$1885 the fifth year. At this commencement Princeton's class of 1901 had brought before it similar statistics showing a gain of average incomes during the same period from \$706 the first year to \$2039 the fifth. In this latter computation business men, teachers, engineers, lawyers, clergymen, journalists and men of all callings were lumped. Analysis of the separate callings is interesting, showing clearly that in gross income the lawyer comes first, then the business man, then the engineer, the journalist, the teacher and the clergyman.

It is not difficult to understand why the teaching profession in the United States more and more falls into the hands of women when it is found that ten years after graduation the man teacher, university-trained, averages an income of only \$1779.

But the average income of \$3803 for men of all callings a decade after assuming self-support shows pretty conclusively that a liberal education at least does not militate against prosperity of a moderate kind.

Some men put everything off till tomorrow—with the possible exception of bill collectors, and they put them off indefinitely.

An egotist invariably makes a great hit with himself.
